Official Qualifying Procedures 2012 United States Disc Golf Championship[®]

Overview

All current, dues-paid members of the Professional Disc Golf Association are eligible to qualify for the 2012 USDGC. Since the USDGC is a PDGA Major, all competitors must have a current PDGA membership and must have passed the PDGA Official's exam. The estimated field size is 144 competitors split evenly into two flights of play; **Open** and **Performance**.

Open Flight participants will compete using raw scores. *Performance Flight* participants will compete using the Performance Scoring™ system provided by Disc Golf United™. Each flight will consist of 72 players. Those gaining eligibility for the event should submit an application for entry as soon as possible. There is no waiting list for the USDGC.

Other divisions may be eligible to qualify if they are competing during identical days and on the same course layout(s) as the Open Division. However, the decision to allow other divisions to compete for qualifying spots is at the discretion of the tournament director. Any player finishing in the top five who has qualified at an earlier event, or who has received an exemption or special invitation, will be excluded. Players shooting the next lowest score will become eligible. In case of a tie for the final position, the tournament director may:

- a) Hold a sudden death playoff to determine the winner
- b) Award the spot to the player with the lowest final round score
- c) Award the spot to the player with the highest (current) PDGA Player Rating

A player may only qualify once via Regional Qualifying events and the spot may not be handed down. Each player will have **30 days to register**. This time period begins immediately following the completion of each event.

There are no exceptions to the 30-day registration deadline. Players who miss their deadline automatically forfeit eligibility and may not re-qualify at Regional Qualifying events. Those players do remain eligible for Monday Qualifying.

Competitors representing **Team Europe** in the 2012 President's Cup are exempt from qualifying, and are eligible for the 2012 *Performance Flight*.

All remaining *Performance Flight* spots will be determined by **PDGA State Coordinators**. Each state may select one representative. State Coordinators are asked to select an ideal event within their state that provides the greatest opportunity for local residents to qualify. Performance Scoring™ offers an equal opportunity for qualifying and is strongly encouraged, however it is not required.

State and National Representative positions are available until **August 31, 2012**. State Coordinators may have this deadline extended if relying on a series or single event that concludes after August 31st.

The full entry fee must be paid by August 31, 2012. Players seeking these spots should contact their State or National Coordinator for more information.

To apply Performance Scoring™ to your event or to obtain additional information, contact the Disc Golf United Administrator, Adrian Southern, at 800.476.3968. Scoring data from your event will be processed and the results will be sent directly to you to confirm the winner. State coordinators are also permitted to select who they believe is most deserving of the opportunity.
